

REMARKS/ARGUMENTS

The title has been amended to render it consistent with the English translation of the specification.

The claims have been amended to remove multiple claim dependencies. The amendments to the claims are supported by the originally filed claims and the specification. No new matter has been added by way of these amendments.

Applicants reserve the right to pursue claims directed to any appropriate subject matter, whether previously claimed or unclaimed, in this and/or related patent applications in accordance with U.S. patent practice.

If, in the opinion of the Examiner, a telephone conference would expedite the prosecution of the subject application, the Examiner is invited to call the undersigned attorney.

Respectfully submitted,
